CITY TURNED OVER TO SHRINERS FOR HOLDING THEIR SPRING REUNION

Tonopah greets and extends a hearty WELCOME to the Shriner. The city is in your hands. Tonopah is yours to do with as you will.

The morning, amid the blaring of the Reno Shriners' band, three Pullman sleepers and an extra baggage car pulled into the local depot. The three Pullmans were filled with jolly good Shriners, members of the Reno Consistory, who are here for their annual spring reunion. The Shrine band is an excellent one, and dispensed music about the city this morning. The members of Reno Consistory were met at the depot by a large number of local Shriners and Masons who will be wearing the fez tomorrow night after the ceremonial exercises.

At 10 a. m. today the Reno Consistory conferred the thirty-first degree, and this afternoon is conferring the thirty-second degree upon about 25 candidates. Tomorrow night some 65 candidates will cross the hot sands of the desert in order to become nobles of the Mystic Shrine.

Following is today's program:
2:30 P. M.—Shriners' band concert at the Tonopah high school auditorium.

3:30 P. M.—Band concert at Mizpah hotel.

5:00 P. M.—Patrol drill and concert at the Airdome, ending at 10 p. m.

8:00 P. M.—Grand ball for Masons and their ladies only at Airdome. These here for the Shrine ceremonies are:

A route several hundred miles south of here has been suggested, since the mountain passes directly east of Santiago, through which the trans-Andean railway is laid, are closed to automobile traffic owing to perpetual snows.

COMING HERE BY AIRPLANE

Senator M. R. Ferguson of Yerington and a brother Shriner, were to take the air in the senator's sky craft this noon from his home ranch near Yerington, and make a landing on the flat below Millers. If the airplane trip is not unannounced today, they will arrive tomorrow morning. An auto will meet them and bring them to Tonopah.

PRINCIPLES OF U.S. ON CABLES ARE ACCEPTED

(By Associated Press)
WASHINGTON, D. C., April 22.—While distribution of former German cables in the Pacific will be deferred pending a settlement of the status of the island of Yap, it was learned that the United States will make an effort to have cable communication to the Dutch East Indies and the far east over lines in possession of Japan restored as soon as possible.

It was said that only settlement of technical questions of operation of the cables is holding up distribution of cables among the conferring powers, as agreed upon yesterday after France and Japan had accepted the principles contended for by the United States.

SECONDHAND WAR MATERIAL CAUSES GREEK REVERSES

(By Associated Press)
NEW YORK, April 22.—Old second-hand war material dumped into Greece after the armistice upon which profiteers made a fortune, is the cause of the reverses lately suffered by the Greek army in Asia Minor, according to Dr. Martin W. Brush, of Elmhurst, L. I., who has been returned from service behind the Greek front with the near east relief.

"All the left-over war supplies for which the European countries had no further use after 1918 seem to have been sold to the Greeks in the past three years, and that is all the Greek army has to fight with," Dr. Brush declared.

"In the past three years vast fortunes have been made in Greece out of army supplies, and now the Greek soldiers are paying for it. There are no hospitals, no hospital equipment, no ambulances worth the name and the wounded have little chance except for such care as the American Near East Relief can give them."

According to Dr. Brush, the Greek people are wildly enthusiastic about the war, and eager to drive the Turks out of Smyrna for good.

HARDING TURNS DOWN REQUEST OF GERMANY TO FIX REPARATIONS

(By Associated Press)
WASHINGTON, D. C., April 22.—"The United States strongly desires" that there should be a resumption of negotiations between Germany and the allies regarding reparations, Secretary Hughes said in a dispatch yesterday to Berlin, refusing the German request that President Harding mediate in the controversy to fix the sum Germany must pay.

Faced by almost certain occupation of more territory by French forces May 1, Germany will lose no time in accepting America's offer, in the opinion of representatives here of both neutral and allied governments. Their analysis of Secretary Hughes' reply has convinced them, however, that the United States has no intention of bringing about a situation out of which Germany may emerge with a greatly lessened burden.

(By Associated Press)
LONDON, April 22.—The dramatic efforts on the part of Germany to induce the United States to arbitrate the reparations question, and the refusal of the Washington government to sit in judgment on the problem, have left most interest in the conference Sunday between President Harding and Lloyd George.

ANTI-VAMP BILL IS INTRODUCED

(By Associated Press)
CHARLESTON, W. Va., April 22.—An anti-vamping bill, designed to protect the sanctity of the home, has been introduced in the West Virginia legislature by Senator Haynes of Clarksburg.

The measure provides that if any husband or wife suspects another person of being unduly familiar with his or her mate, they may appear before a justice of the peace, swear to the facts in the case, and then send a written warning to the person lavishing the attention upon the said mate. If upon the receipt of the warning the person does not cease the "vamping" practice, the justice shall cause him or her arrest, summon them into court, and, if adjudged guilty of the offense, a fine of up to \$100 shall be assessed.

IMMIGRATION BILL PASSED BY HOUSE TODAY

(By Associated Press)
WASHINGTON, D. C., April 22.—The immigration restriction bill was passed today by the house, by an overwhelming vote (it rejected an amendment under which political refugees from foreign countries would have been permitted to enter the United States).

Another amendment permitting Donald O'Callaghan, head master clerk, to remain here, was thrown out on a point of order. Representative Mondell of Wyoming, Republican leader, pleading for defeat of the political refugee amendment, declared its adoption would open the gates "not only to William the Damned but to the emperor of Austria and all the hordes from Russia and elsewhere." Under the bill immigrants from Europe will be limited for 13 months after May 10 to 3 per cent of the number of nationals in this country at the time of the 1910 census.

induce the United States to arbitrate the reparations question, and the refusal of the Washington government to sit in judgment on the problem, have left most interest in the conference Sunday between President Harding and Lloyd George.

(By Associated Press)
PARIS, April 22.—French official circles expressed disappointment that the American reply to Germany's request for mediation was not a categorical refusal as had been expected here. The regrets were mitigated, however, by satisfaction that the United States is displaying an active interest in the reparations question.

(By Associated Press)
BERLIN, April 22.—The trend of comment in the morning's Berlin newspapers on Germany's appeal to President Harding for mediation in the reparations question, written in the absence of knowledge of what the American reply would be, was skeptical of any good coming from the German move.

ATTACK MADE BY IMPORTERS ON TARIFF MEASURE

(By Associated Press)
WASHINGTON, D. C., April 22.—Representatives of importers attacked the emergency tariff bill before the senate finance committee today, asserting that currency revolution would be the result of the measure, which would "put more government in business than ever before and direct opposition to the advice of the president."

Mr. Clegg, who introduced the bill, said it would "pay a higher price for goods than ever before and direct opposition to the advice of the president."
